

# CNC AUTODOOR

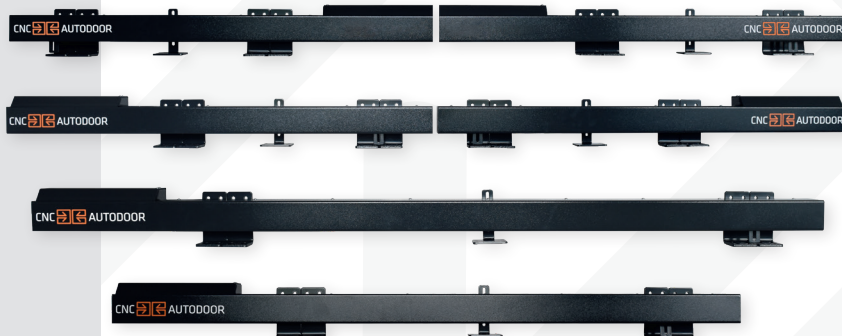

## Why an automatic door opener?

### → GOOD FOR YOUR OPERATOR

The prevention of physical complaints caused by manual operation of the CNC machine.

### → READY FOR AUTOMATION

Use in combination with robot automation of your CNC machine.

## You can choose from the following automatic door openers:

### Single door - for CNC machines with one door

- CNC AutoDoor 700 - single door 180 kg
- CNC AutoDoor 1000 - single door 180 kg
- CNC AutoDoor 1000 - single door 400 kg
- CNC AutoDoor 1500 - single door 180 kg
- CNC AutoDoor 1500 - single door 400 kg
- CNC AutoDoor 2000 - single door 400 kg
- CNC AutoDoor 3000 - single door 400 kg
- CNC AutoDoor 4000 - single door 700 kg

### Single/double door - for CNC machines with two doors

- CNC AutoDoor 700 - single/double door 180 kg
- CNC AutoDoor 1000 - single/double door 180 kg
- CNC AutoDoor 1500 - single/double door 180 kg
- CNC AutoDoor 1500 - single/double door 400 kg
- CNC AutoDoor 2000 - single/double door 400 kg
- CNC AutoDoor 3000 - single/double door 400 kg
- CNC AutoDoor 4000 - single/double door 700 kg

### Double door - for CNC machines with two doors

- CNC AutoDoor 2x700 - double door 180 kg
- CNC AutoDoor 2x1000 - double door 180 kg
- CNC AutoDoor 2x1000 - double door 400 kg
- CNC AutoDoor 2x1500 - double door 180 kg
- CNC AutoDoor 2x1500 - double door 400 kg
- CNC AutoDoor 2x2000 - double door 400 kg
- CNC AutoDoor 2x3000 - double door 400 kg
- CNC AutoDoor 2x4000 - double door 700 kg

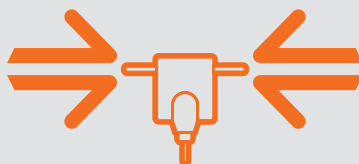

### Telescopic door - for CNC machines with telescopic doors

- CNC AutoDoor 1500 - telescopic door 400 kg
- CNC AutoDoor 2000 - telescopic door 700 kg
- CNC AutoDoor 3000 - telescopic door 700 kg
- CNC AutoDoor 4000 - telescopic door 700 kg

### EASY INSTALLATION

You can easily install the CNC AutoDoor yourself.

### UNIVERSAL SYSTEM

Suitable for all brands of CNC machines.

### IN STOCK

All models are always immediately available.

CONTACT US, WE WILL BE HAPPY TO ASSIST!

## Price list

Item	Description	Price
113	CNC AutoDoor 700 mm - single door - 180 kg	€ 4.625
101	CNC AutoDoor 1000 mm - single door - 180 kg	€ 4.725
105	CNC AutoDoor 1000 mm - single door - 400 kg	€ 5.200
102	CNC AutoDoor 1500 mm - single door - 180 kg	€ 5.000
106	CNC AutoDoor 1500 mm - single door - 400 kg	€ 5.500
109	CNC AutoDoor 2000 mm - single door - 400 kg	€ 6.000
111	CNC AutoDoor 3000 mm - single door - 400 kg	€ 7.000
115	CNC AutoDoor 4000 mm - single door - 700 kg	€ 9.900
This model consists of one door opener with one controller that opens one machine door. Available in right and left version.		

113D	CNC AutoDoor 700 mm - single/double door - 180 kg (up to 2x350 mm travel, simultaneously and in opposite direction)	€ 4.900
101D	CNC AutoDoor 1000 mm - single/double door - 180 kg (up to 2x500 mm travel, simultaneously and in opposite direction)	€ 5.000
102D	CNC AutoDoor 1500 mm - single/double door - 180 kg (up to 2x750 mm travel, simultaneously and in opposite direction)	€ 5.200
106D	CNC AutoDoor 1500 mm - single/double door - 400 kg (up to 2x750 mm travel, simultaneously and in opposite direction)	€ 5.675
109D	CNC AutoDoor 2000 mm - single/double door - 400 kg (up to 2x1000 mm travel, simultaneously and in opposite direction)	€ 6.250
111D	CNC AutoDoor 3000 mm - single/double door - 400 kg (up to 2x1500 mm travel, simultaneously and in opposite direction)	€ 7.600
115D	CNC AutoDoor 4000 mm - single/double door - 700 kg (up to 2x2000 mm travel, simultaneously and in opposite direction)	€ 10.400
This model consists of one door opener with one controller that opens two machine doors simultaneously. The travel of both machine doors must be equal and in opposite directions.		

114	CNC AutoDoor 2x700 mm - double door - 180 kg	€ 8.525
103	CNC AutoDoor 2x1000 mm - double door - 180 kg	€ 8.600
107	CNC AutoDoor 2x1000 mm - double door - 400 kg	€ 9.625
104	CNC AutoDoor 2x1500 mm - double door - 180 kg	€ 8.850
108	CNC AutoDoor 2x1500 mm - double door - 400 kg	€ 9.750
110	CNC AutoDoor 2x2000 mm - double door - 400 kg	€ 10.725
112	CNC AutoDoor 2x3000 mm - double door - 400 kg	€ 12.650
116	CNC AutoDoor 2x4000 mm - double door - 700 kg	€ 15.910
This model consists of two door openers, the left and the right version, with two controllers in one electrical cabinet. The controllers open the machine doors simultaneously. Both machine doors can have different travel length from each other. This model is also very suitable for heavy machine doors with a long travel.		

106T	CNC AutoDoor 1500 mm - telescopic door - 400 kg (up to 1x1500 mm and 1x750 mm travel, simultaneously and in same direction)	€ 8.600
118T	CNC AutoDoor 2000 mm - telescopic door - 700 kg (up to 1x2000 mm and 1x1000 mm travel, simultaneously and in same direction)	€ 9.200
119T	CNC AutoDoor 3000 mm - telescopic door - 700 kg (up to 1x3000 mm and 1x1500 mm travel, simultaneously and in same direction)	€ 10.800
115T	CNC AutoDoor 4000 mm - telescopic door - 700 kg (up to 1x4000 mm and 1x2000 mm travel, simultaneously and in same direction)	€ 13.575
This model consists of one door opener with one controller, that opens two machine doors simultaneously in the same direction. The travels of the two machine doors must be in a ratio of 2:1 (total:single) and in the same direction. Available in right and left version.
